

NGL FINE CHEM LIMITED

ANIMAL HEALTH / HUMAN HEALTH / FINE CHEMICALS

About Us

We manufacture APIs and Finished Formulations for usage in Human & Veterinary health.

We have over 30 years experience in manufacturing and we cater to various multinational companies to manufacture high quality products with reliability and flexibility.

Quality Policy

We are committed to meet the Pharmacopoeial and In-House standards for all our products and to supply consistent quality to exceed customer requirements.

Accreditations

We are WHO-GMP,
ISO 9001:2008
and cGMP accredited.

Our Strength

Our core expertise in multi stage organic synthesis of APIs and Fine Chemicals helps us support customers with unique and challenging manufacturing requirements.

Exports

We export to over 35 countries globally and all our products are supported with Drug Master Files.

We operate 3 cGMP facilities around Mumbai and we are listed on the Bombay Stock Exchange.

Business Segments

APIs
Finished Formulation's
Contract Manufacturing &
Custom Synthesis

Contract Manufacturing and R&D

An active research lab, a kilo lab and a pilot plant along with a modern analytical services enables us to offer an integrated value proposition to our global customers.

Human Health API

Nitazoxanide

CAS No.: 55981-09-4
Therapeutic Category : Anti Diarrheal
Regulatory Status : DMF in CTD

Atovaquone

CAS No.: 95233-18-4
Therapeutic Category : Antipneumocystic/Antimalarial
Regulatory Status : DMF in CTD

Febuxostat

CAS No.: 144060-53-7
Therapeutic Category : Antigout
Regulatory Status : Under development

Veterinary API

Diminazene Diacetate

CAS No.: 908-54-3
Therapeutic Category : Antiprotozoal
Regulatory Status : DMF in CTD

Buparvaquone

CAS No.: 88426-33-9
Therapeutic Category : Antiprotozoal
Regulatory Status : DMF in CTD

Butaphosphan

CAS No.: 17316-67-5
Therapeutic Category : Phosphorus source
Regulatory Status : DMF in CTD

Clorsulon

CAS No.: 60200-06-8
Therapeutic Category : Anthelmintic
Regulatory Status : DMF in CTD

Triclabendazole

CAS No.: 68786-66-3
Therapeutic Category : Anthelmintic
Regulatory Status : DMF in CTD

Imidocarb Dipropionate

CAS No.: 55750-06-6
Therapeutic Category : Antiprotozoal
Regulatory Status : DMF in CTD

Homidium Chloride

CAS No.: 602-52-8
Therapeutic Category : Antiprotozoal
Regulatory Status : DMF in CTD

Parvaquone

CAS No.: 4042-30-2
Therapeutic Category : Antiprotozoal
Regulatory Status : DMF in CTD

Toldimfos Sodium

CAS No.: 5787-63-3
Therapeutic Category : Phosphorus source
Regulatory Status : DMF in CTD

Nitroxynil

CAS No.: 1689-89-0
Therapeutic Category : Anthelmintic
Regulatory Status : DMF in CTD

Bithionol Sulfoxide

CAS No.: 844-26-8
Therapeutic Category : Anthelmintic
Regulatory Status : Technical Package

Ractopamine HCl

CAS No.: 90274-24-1
Therapeutic Category : Animal growth promotant
Regulatory Status : DMF in CTD

Amitraz

CAS No.: 33089-61-1
Therapeutic Category : Ectoparasiticide
Regulatory Status : Technical Dossier

Formulations

Diminazene Diacetate granules with Phenazone

Size : 2.36 g; 23.6 g
Packing : Sachet
Therapeutic Category : Therap-Cat-Vet: Antiprotozoal

Homidium Chloride Tablets

Size : 250 mg tablets
Packing : 1 jar of 100 tabs
Therapeutic Category : Therap-Cat-Vet: Antiprotozoal

APIs Under Development

Ranolazine

CAS No.: 95635-55-5
Therapeutic Category : Antianginal
Regulatory Status : Under development

Praziquantel

CAS No.: 55268-74-1
Therapeutic Category : Anthelmintic
Regulatory Status : Under development

S-Methoprene

CAS No.: 65733-16-6
Therapeutic Category : Insect growth regulator
Regulatory Status : Under development

Products are offered where there is no Patent infringement
